What's your goal in this killing game? /
What is your world domination plan? /
What made you want to take over the world?

Is that your perception of me?
You believe I want to conquer the world like a power-hungry egomaniac?
How disappointing.

I merely wish to... observe.
I have no interest in something as banal as world domination.

I want nothing more than
to be a person like you.

Do you even have a true self or are there
so many layers that you don't know anymore

I admire your optimism,
but even an onion has a core.

Let me phrase it in a way you can understand.

Imagine... you have just bought your favorite burger at your

favorite fast food restaurant. The patty is 100% pure beef, subtly

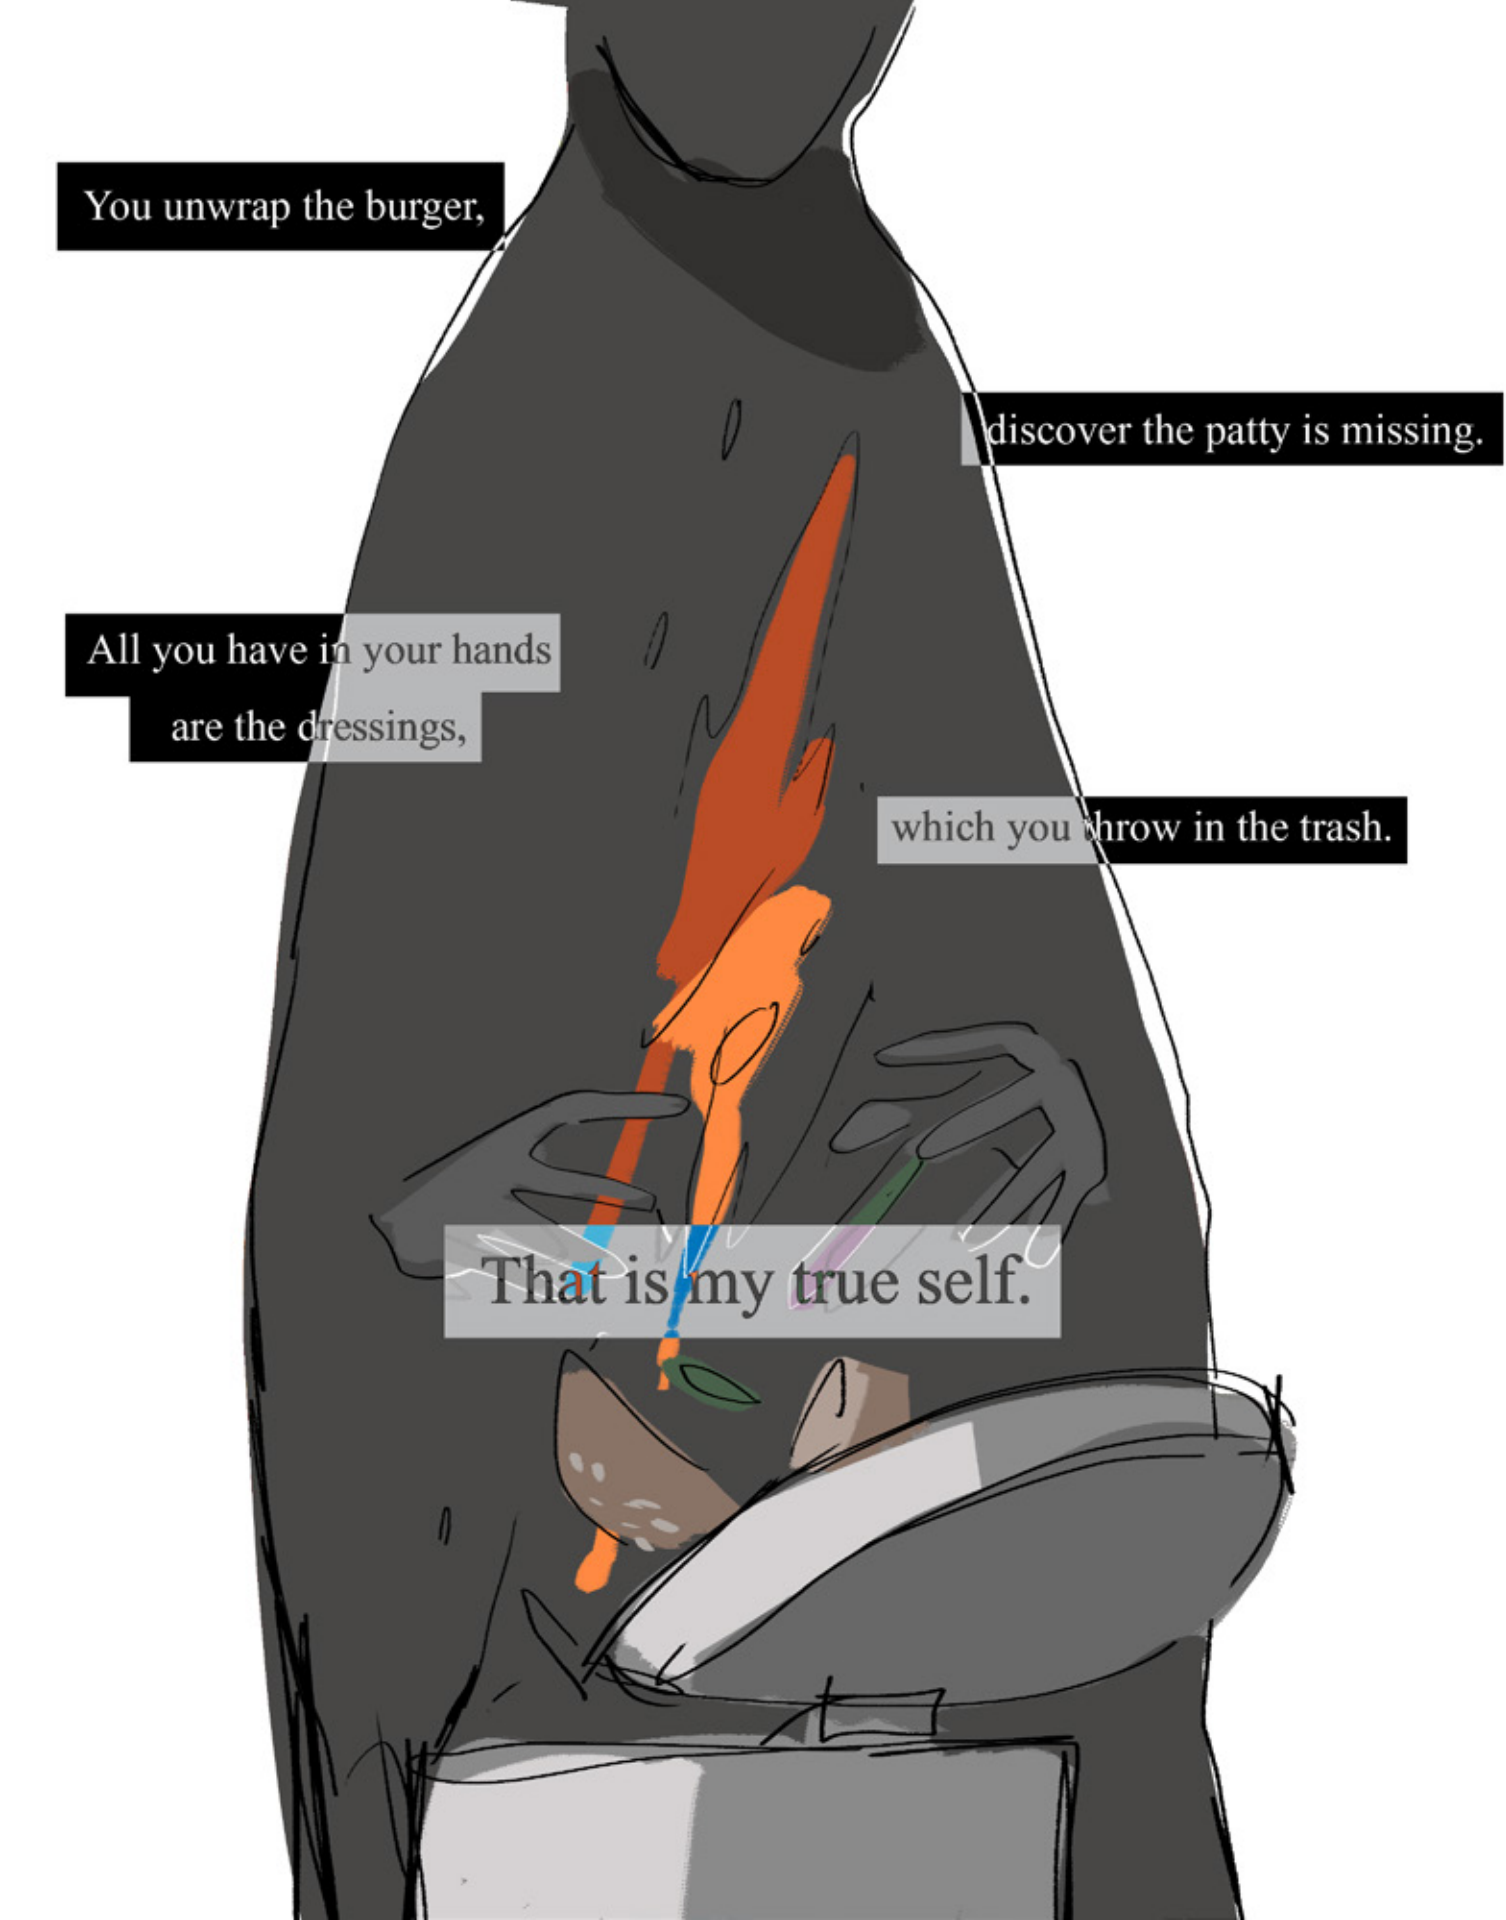

seasoned to bring out the flavor rather than drown it out. It is

crowned with chopped onion, a slice of cheese, pickle, tomato

and a daub of secret sauce. You receive the paper bag at the

counter, bring it home, sit down on your couch, eat the fries,

drink the shake, save the best part of the meal until last...

A person in a dark turtleneck sweater is holding a burger. The burger has a missing patty, and the person is looking down at it. The background is white.

You unwrap the burger,

discover the patty is missing.

All you have in your hands
are the dressings,

which you throw in the trash.

That is my true self.

How many identities will you take? And who's? //

Who are you impersonating right now? //

A woman with grey hair in pigtails and glasses is looking down. She is wearing a dark jacket with white stripes on the sleeves. The background is a light blue sky with clouds.

I took on Byakuya's guise during the first stage of my project,
but I had to retire him after his exit near the beginning.
Since then, I've been free to dip in and out of other
likenesses as I please.

My class is brimming with a variety of colorful characters,
which aids me in drawing out different facets of my subject.
I'm not starved of choices... yet.

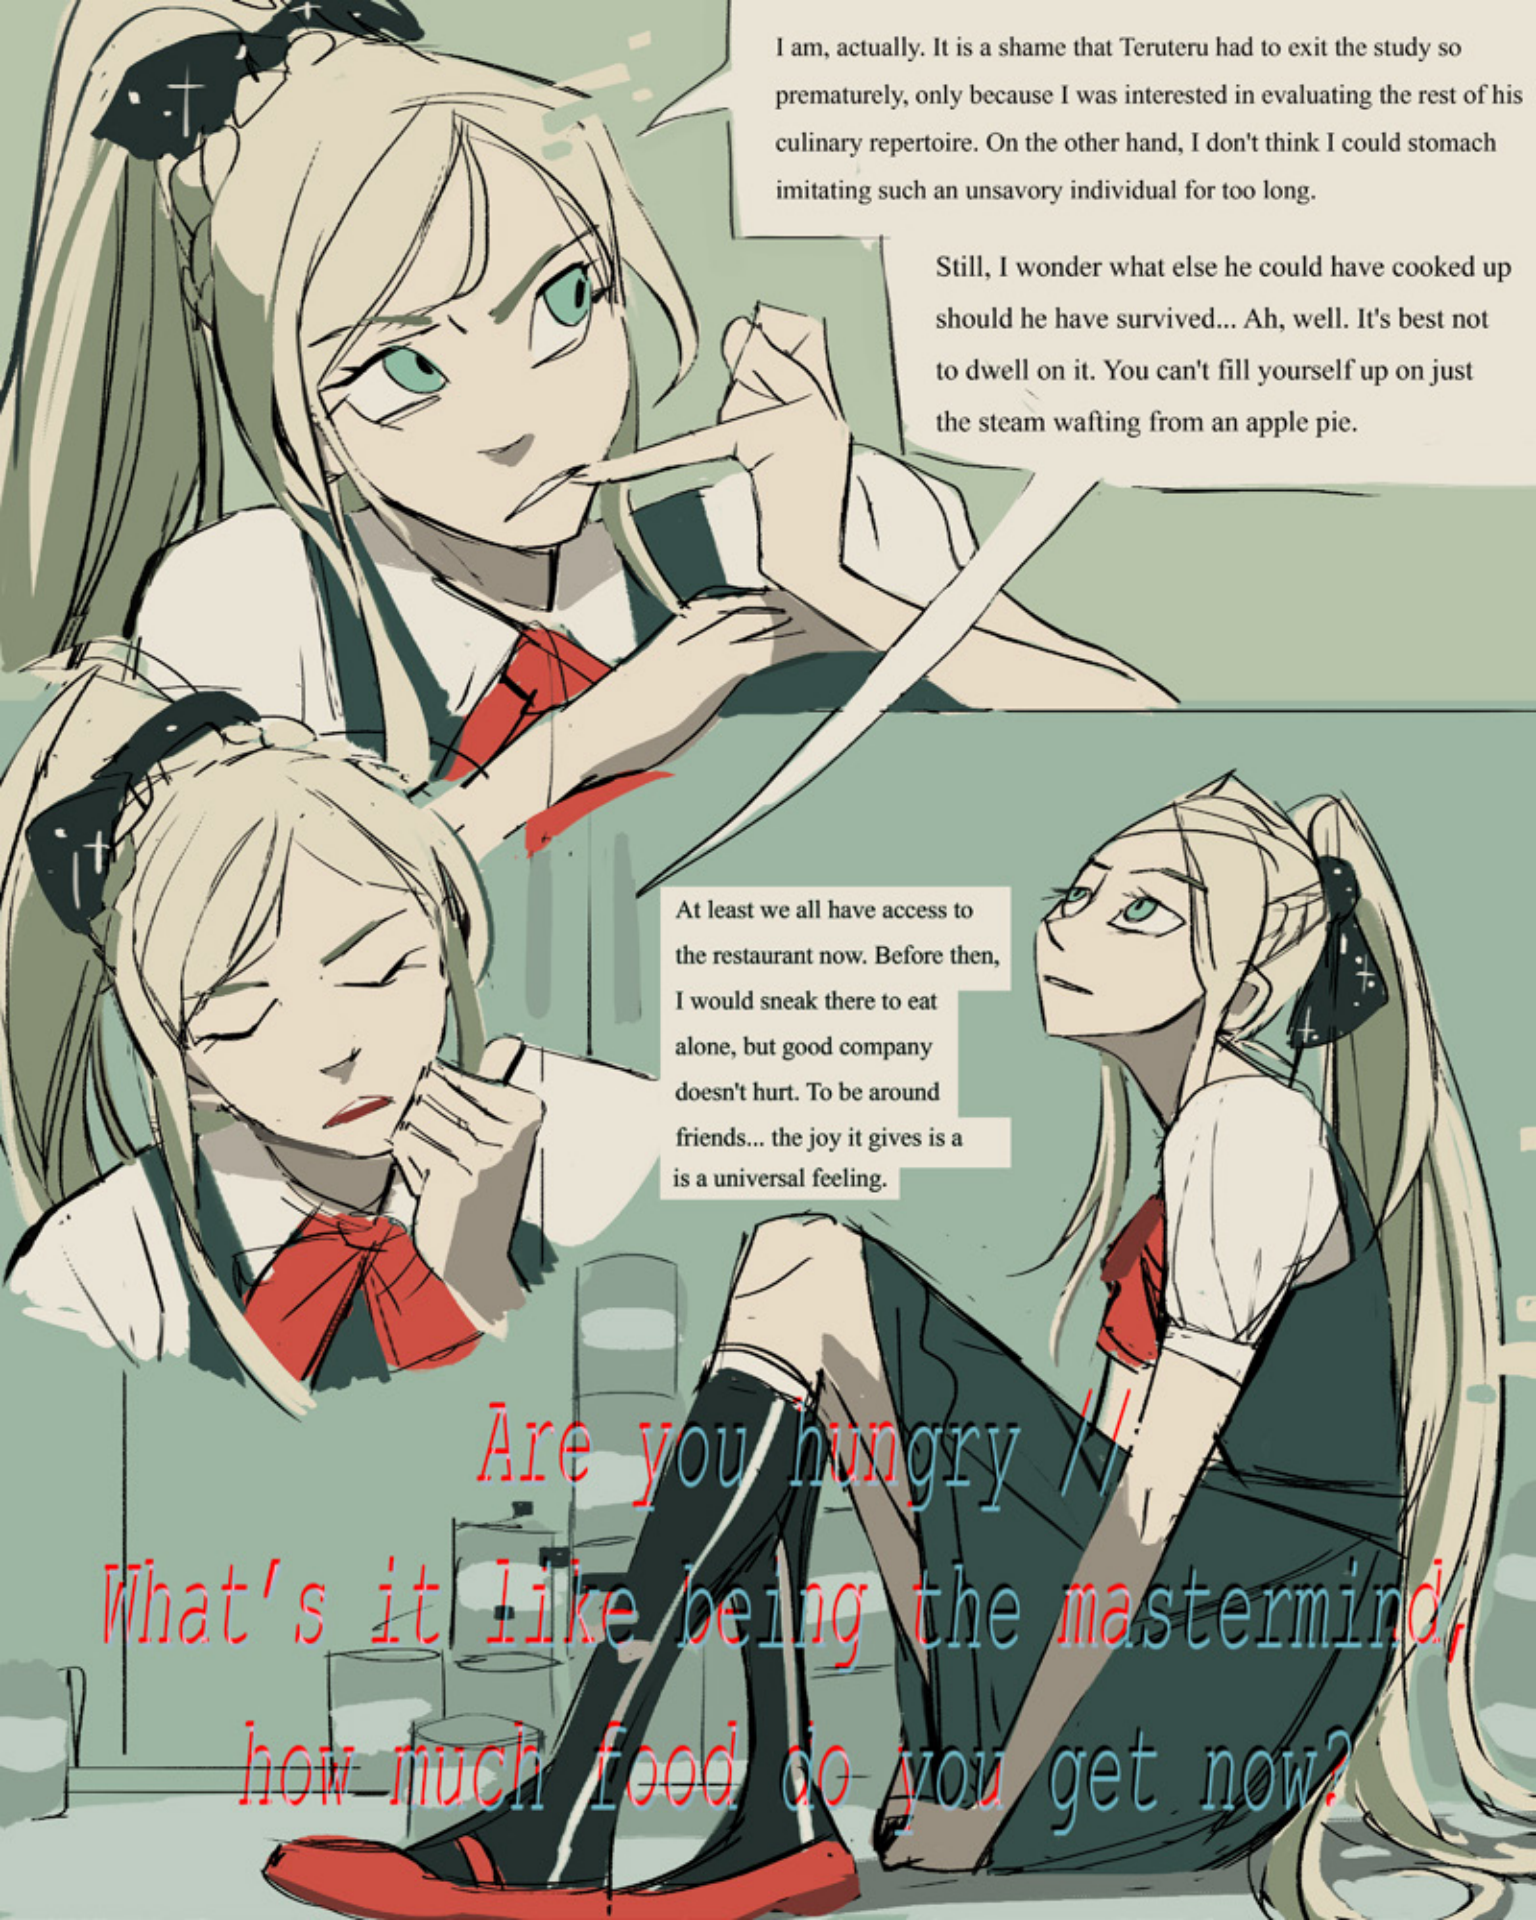

Does your anonymity aide in helping you mastermind? //

Do you still impose as togami? //

Thoughts on byakuya togami? //

I did enjoy being Byakuya though. He has a regal air that demands attention,
and everyone here looked to him for leadership.

I... miss that. When I'm impersonating someone
like Kazuichi, I'm (understandably) treated like the court jester instead.

I am, actually. It is a shame that Teruteru had to exit the study so prematurely, only because I was interested in evaluating the rest of his culinary repertoire. On the other hand, I don't think I could stomach imitating such an unsavory individual for too long.

Still, I wonder what else he could have cooked up should he have survived... Ah, well. It's best not to dwell on it. You can't fill yourself up on just the steam wafting from an apple pie.

At least we all have access to the restaurant now. Before then, I would sneak there to eat alone, but good company doesn't hurt. To be around friends... the joy it gives is a universal feeling.

Are you hungry //
What's it like being the mastermind,
how much food do you get now?

How lonely are you? /
Do you like yourself?

Once the final bow is done and the curtains sway shut,
and I'm back in the dressing room with no makeup on...

I'm but a shadow in the dying light.

It is a lonely existence,
painfully so,
yet it is the only one I know.

That is why...

I am doing this.

I don't have a name, a family register,
relatives anything.

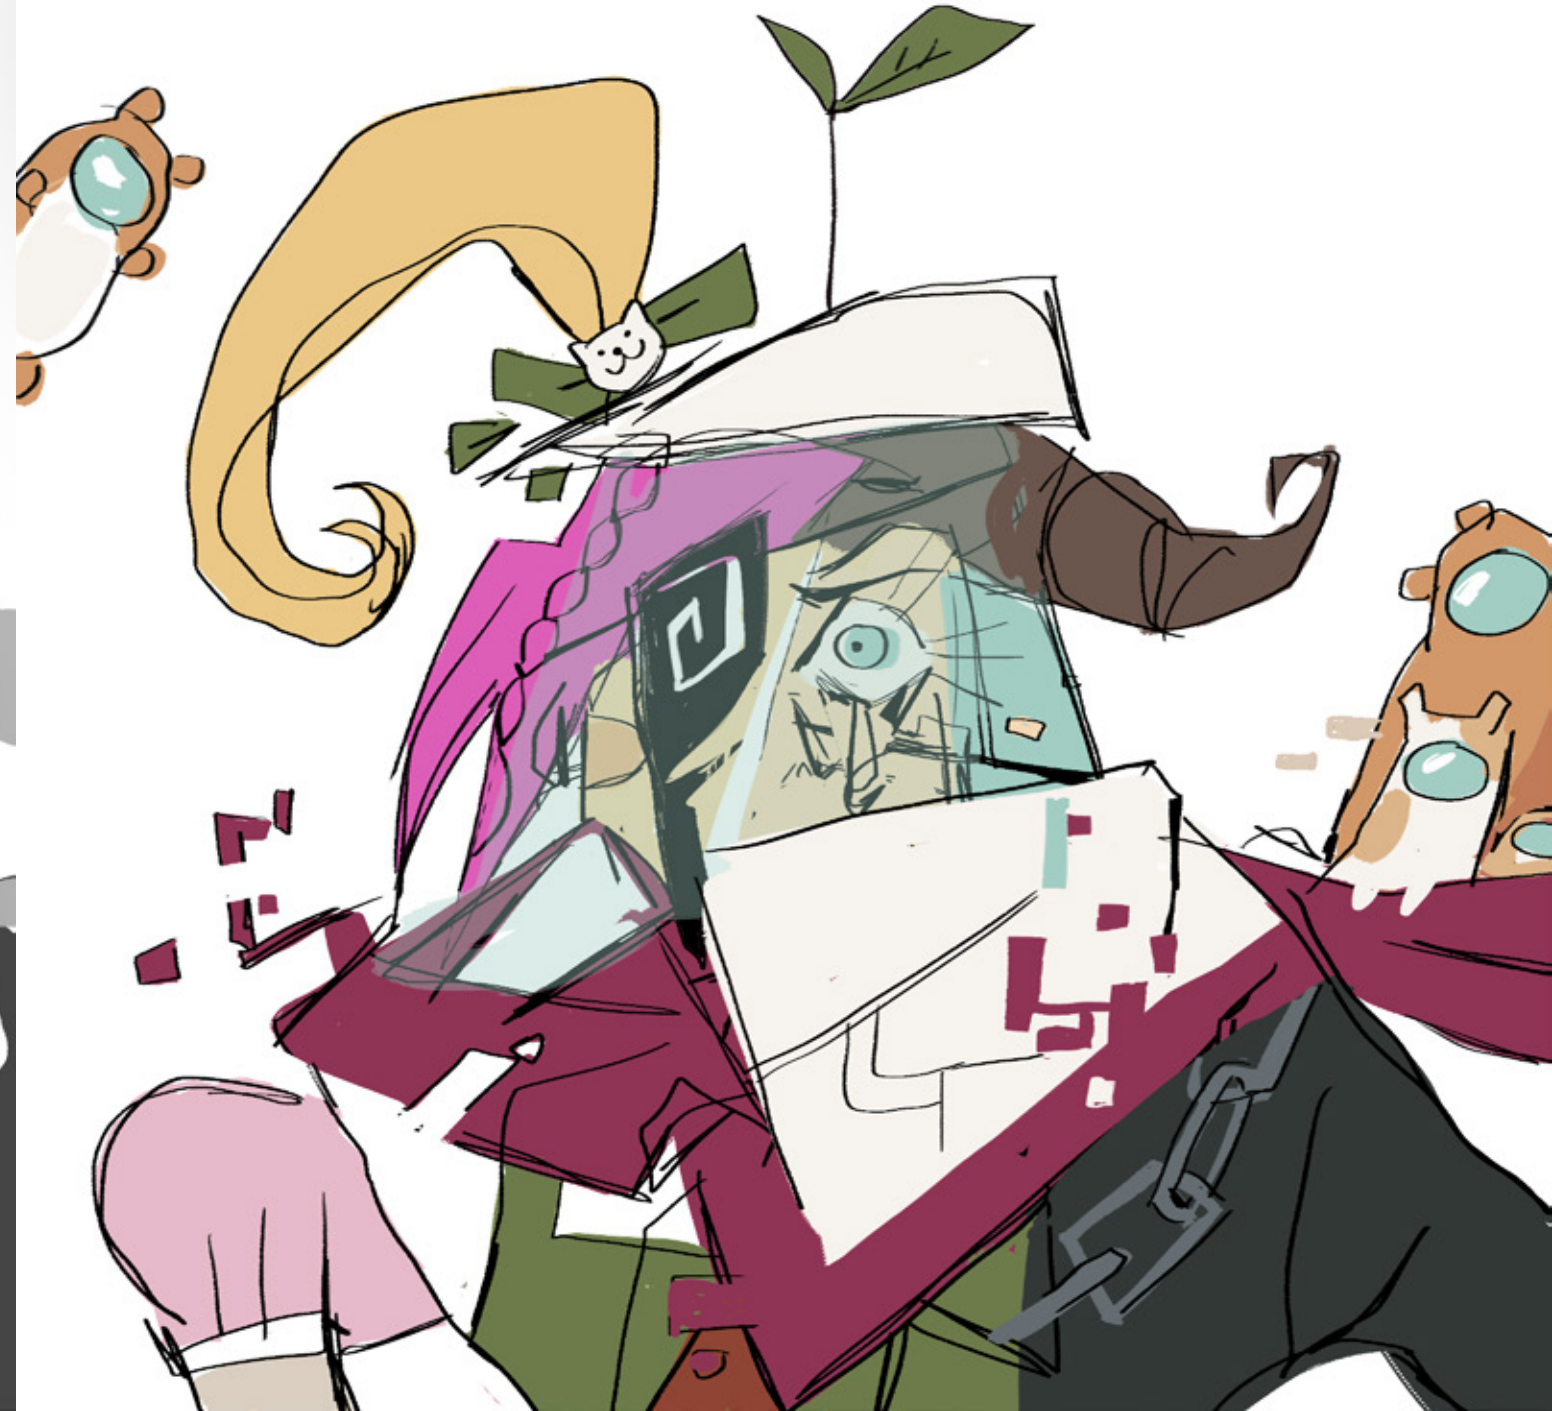

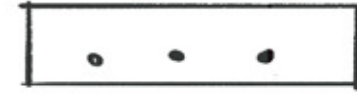

All that... was stripped from me long ago.

But that will change.

All that will change once I...!

Q: Did you become a nurse just to manipulate people?

O-of course not!
I...would never do
something so awful!
I became a nurse because
I like taking care of sick,
injured, weaker people.
I like seeing their faces
when they're all better
because of me....
happy because of me...

Sick again because of me,
miserable because of me,
stuck in a cycle of health
and decay because of me,
I...I'm not manipulating anybody!
I just want my friends patients to
stay with me forever...
i-is that so bad?

Q: Would you rather be hated or ignored?

But...being ignored means being hated, doesn't it? It means being hated so *much* that you don't even deserve their attention... There's n-nothing worse than having to be all alone... so it's a little better to have people pay attention to you, even if it hurts, right?

....Ah.... No. That's wrong, isn't it?

Can we be friends?

Are you okay?

Can i get a hug?

Hey, Mikan, are you alright?

Y-you want to be my friend forever? I would really like to be your friend...

pulls out my hand to you
want to be friends 0///0

Mastermind mikan can I...hold your hand

Honestly i have no jokes i just want to hold you and tell you it's gonna be ok so permission to do that?

Marry me pls i

I have come to inform you that you are very cute, have a nice day :>

Q: What's a wound you can't fix?

E-Even if they hurt a lot, bruises and cuts heal over time... as long as a cut or scrape is properly disinfected and bandaged, it'll be back to normal in a few weeks, right?

But I think... the worst wound of all is knowing who's behind all of it.

Evil people shouldn't be allowed to get away with..

But they do.

And they aren't punished for it at all. Ahhh.... I think that's just despicable, don't you?

Q: I want to bully you / Pissbaby / Hello *punts you*

AH!
I'm sorry!
F-forgive meeeee...

what did I do
wrong to make
you all hate me
so much?

Huh?

ll of you are

cruel bullies...!
Bullies like you
are the ones
that need to be
punished. But I
don't even
need to be the
one to do it!

Bullies are just
like animals

each other apart
on their own!

Be honest, do your victims REALLY understand what you're saying?

Their astral levels are as of yet too low to comprehend the full truth of their situation.

Q:

What would you do if someone killed one of your hamsters?

Kehehe, the concept is laughable... true mortality is foreign to my Four Dark Devas of Destruction.

They assume the shape of hamsters to attend me, and though their forms last a mere 1,095 days...

...they never fail to adopt new vessels...

...and return to my side.

The Devas are powerful beyond measure.

...though it is still my duty as their Supreme Overlord to protect them.

If some fiend were to raise his filthy hand against a Deva, his ashes would bestrew every miserable corner of this world.

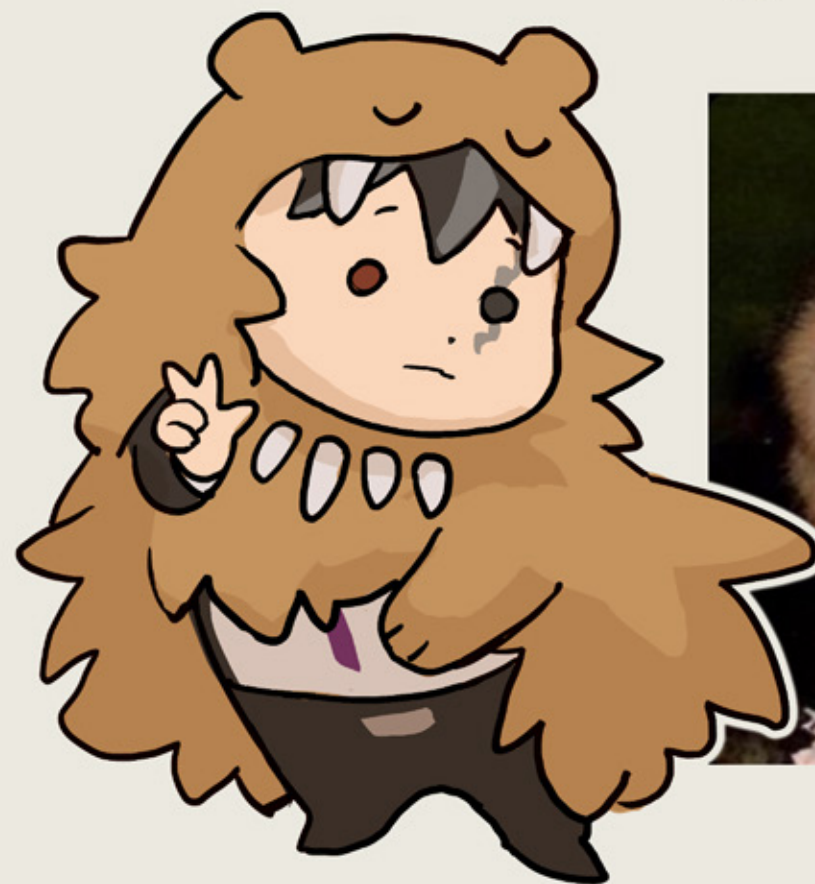

I leave an offering of
sunflower seeds,
please spare me, Mr.
Overlord!

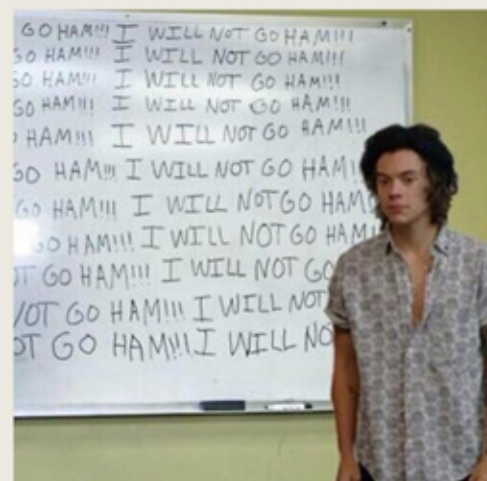

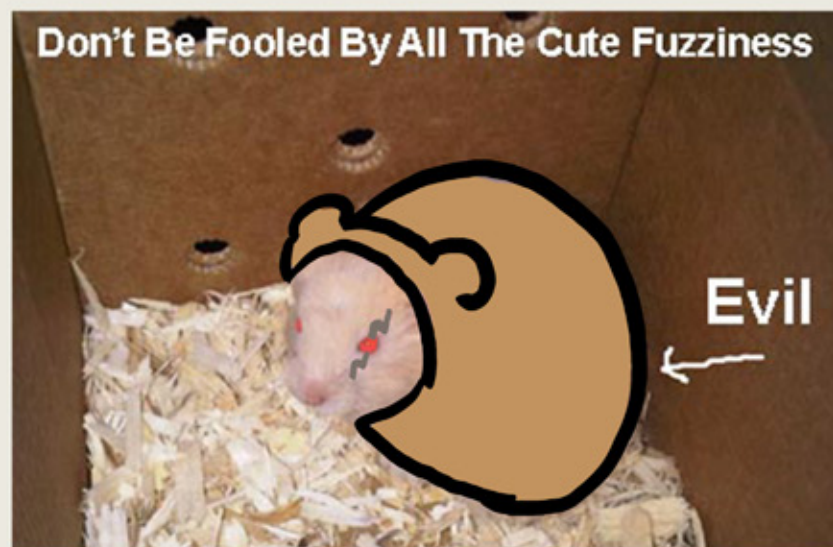

I would sell my soul on the

There has been a prophecy in my kingdom for generations.

Surely someone capable of winning a royal killing game is worthy of this title, yes?

Q:

WHAT'S IT LIKE BEING THE MM?

A:

Even if I lost a few brawls here and there at the starting line, I crushed anyone who stood in my way to get to where I am today. It really gets me going when people put up a decent fight only to end up as a mangled mess of bones. But in the end, even with all that delicious carnage, I'm still waiting for that ideal final battle to sate my palette.

"What's your relationship with the protagonist?"

"Hajime is the cream of the crop. Out of everyone here, he shot through claims and slashed through refutations that the weakest links sputtered at him. That makes him the worthiest opponent for me. But don't get the wrong idea. I ain't in love with him or anything stupid like that. I just can't wait to beat him to a bloody pulp in the heart-pounding, all-out final battle of bullets and bloodshed."

"WJATS YOUR FAVORUITE FOOD"

"Tender, savory meat! It works your jaw muscles and with the right spices and sauces, it's a dish that tastes even better after a hearty battle!"

"How are your sibs!"

"...Little guys just couldn't cut it. In our dog-eat-dog world, their chances were slim to none anyway."

"What drove you into despair?"

"I think... I've also had a drive for this kind of thing. Carnage, bloodshed, the thrill of the kill. Growing up, I saw the dregs of society mutilate the weak. More often than not, they made me feel like a skinny, rotten slab of meat abandoned in those dark alleys or cheap motel rooms. It festered inside of me 'til I finally let all my inhibitions go. In our dog-eat-dog world, despair goes hand-in-hand. Even then, I might never be satisfied with my meals or the battles I've won. But, trust me, i'll never go hungry again."

QUESTION TIME

DOESN'T BEING THE MASTERMIND MEAN
INFLECTING DESPAIR, NOT HOPE?

DESPAIR IS NOT THE ANTITHESIS OF
HOPE, BUT ITS CATALYST. MUCH LIKE
KING HEROD WAS EATEN ALIVE BY WORMS
FOR DISRESPECTING THE GLORY OF GOD,
WE ARE THE LOWER LIFEFORMS BY WHICH
HOPE'S CRUEL JUSTICE IS ENACTED. IF
YOU WERE AN ULTIMATE, MAYBE YOU
WOULD UNDERSTAND.

DOES YOUR LUCK CYCLE USUALLY WORK
IN YOUR FAVOR OR AGAINST IT?

THE ANSWER ALREADY LIES IN THE
QUESTION. IT'S A NEVER-ENDING CYCLE.
EVERY TIME MY LUCK GETS IN THE WAY,
IT'LL ASSIST ME LATER, AND VICE VERSA.

I WAS ALMOST DISCOVERED ON DAY
ONE, BUT THE PERSON WHO CAUGHT ME
BECAME THE FIRST VICTIM. NO INTERVEN-
TION ON MY PART REQUIRED!

DO YOU TAKE LUCK INTO CONSIDERATION
WHEN PREPARING THE GAME?

OF COURSE! AFTER ALL, LUCK IS THE
GOVERNING FORCE BEHIND ALL OUR
DESTINIES, NOT JUST MINE. FORTUNE,
MISFORTUNE, HOPE, DESPAIR... THESE
ARE THE CHAOTIC MECHANISMS BY WHICH
THE KILLING GAME DECIDES WHO IS AN
ULTIMATE, AND WHO IS LESS THAN TRASH.

WHY NOT STEP UP, SPIN THE WHEEL,
AND SEE WHICH ONE YOU REALLY ARE?

Q: Thoughts on men?

I've always asked that everyone simply do their share, you know?

Dead weight in a community is a pain for everyone else. At least now, in a literal sense... they can still be useful for group photos.

Qs:

Am I cringe too

How many photos have you got in your cringe comp so far?

NO DON'T PUT ME IN THE CRINGE COMPILATION

Cirnge

Can you put me in the front of the compilation please, i want to live life to its fullest

Is KB20XX in your cringe compilation?

PLEASE PUT ME IN YOUR CRINGE COMPILATION

These ones have to go somewhere.

How many photos are in your cringe comp?

What's in your cringe comp so far

Can you take a picture of me and add it to ur cringe comp???? Pls

It's like...leaving raw meat out next to the vegetables when you make dinner.

You don't want to make anyone sick.

Q: How do you feel about the people that call you boring?

Stability is often seen that way.

They tend to change their minds once yours is the only hand left to pull them up, though.

But I'll be pulling them to my level - not their cushy status quo.

Q: Do you still like when people smile in your pictures?

Of course!

I'll even let you in on a little secret of the trade.

smiles that reach the eyes

are the most lovely of all.

Q: Who's Monokuma to you?

A favourite toy, or an annoying mascot?

Monokuma is the child that is naughty to the point of hilarity.

It's difficult to be upset with them because they clearly don't know better.

He's... a responsibility.

A menace to society, really, but that sort of thing can unify people in surprising ways.

Q: Lesbians?

When boys think your options are limited...

they tend to take it a little too easy.

I don't want to make things any easier for them while they sport those attitudes,

and I certainly can't waste my breath explaining to all of the guys who want to kick back and put their feet up.

You understand what I mean, right?

Anyway, it's like they say:

a picture is worth a thousand words.

Care to take one with me?

"Is there anyone you miss?"

"Oh, not at all. I never miss a good shot."

"Hi wife!!! I think ur cool!!!! How many photos have u taken so far?"

"Not nearly enough...what's the projected world population again? It'd probably be easier to answer how many are left to take. But I'm used to working hard, lonely hours. It's sweet of you to be so forward."

"Why did you decide to become a mastermind? What's your motive?"

"In this world, there are too many people trapped on the outside, looking in on the lives they wish they could have. The few who are lucky enough to have all they could want squander their fortunes and privileges without regard for those that can barely scrape by. They don't know, and don't care.

So I give them a window to another point of view. When they waste their food, when they leave their lights and water on...I want them to see what they're taking from others. I don't believe for a moment that I can solve every problem, or that everyone is conscionable enough to do something. I've...tried that approach.

But...experiences breed empathy. When people experience despair for themselves, when their bodies rot away-they'll be no different from the ones they've condemned before. The field will be level, and fair. Because when you've seen the atrocities that decorate our world...you know that hope hasn't any place here. And despair like that-it's only right that everyone pitches in, and shares the work of living."

"Why did you decide to become a mastermind? What's your motive?"

"Being the heir to the Kuzuryuu clan means I need to be a leader. Not just any idiot who gives orders, but a *real* leader who's followed out of choice - not obligation. I need to prove that I'm worth my clan's respect. That I'm every inch as tough as the Kuzuryuus that came before me.

Death through brute force and violence is just stupid...the whole point of crime in the yakuza is that it's organized, right? Showing off a dead body just means you know how to kill, which is something any sh*thead can do with the right weapon.

But showing off the fact that you can organize a game that traps the world's most talented on an island and forces them to kill *each other*...

That takes skill. That takes power. That takes *leadership*.

I'll show every one of those assholes that I deserve to be king."

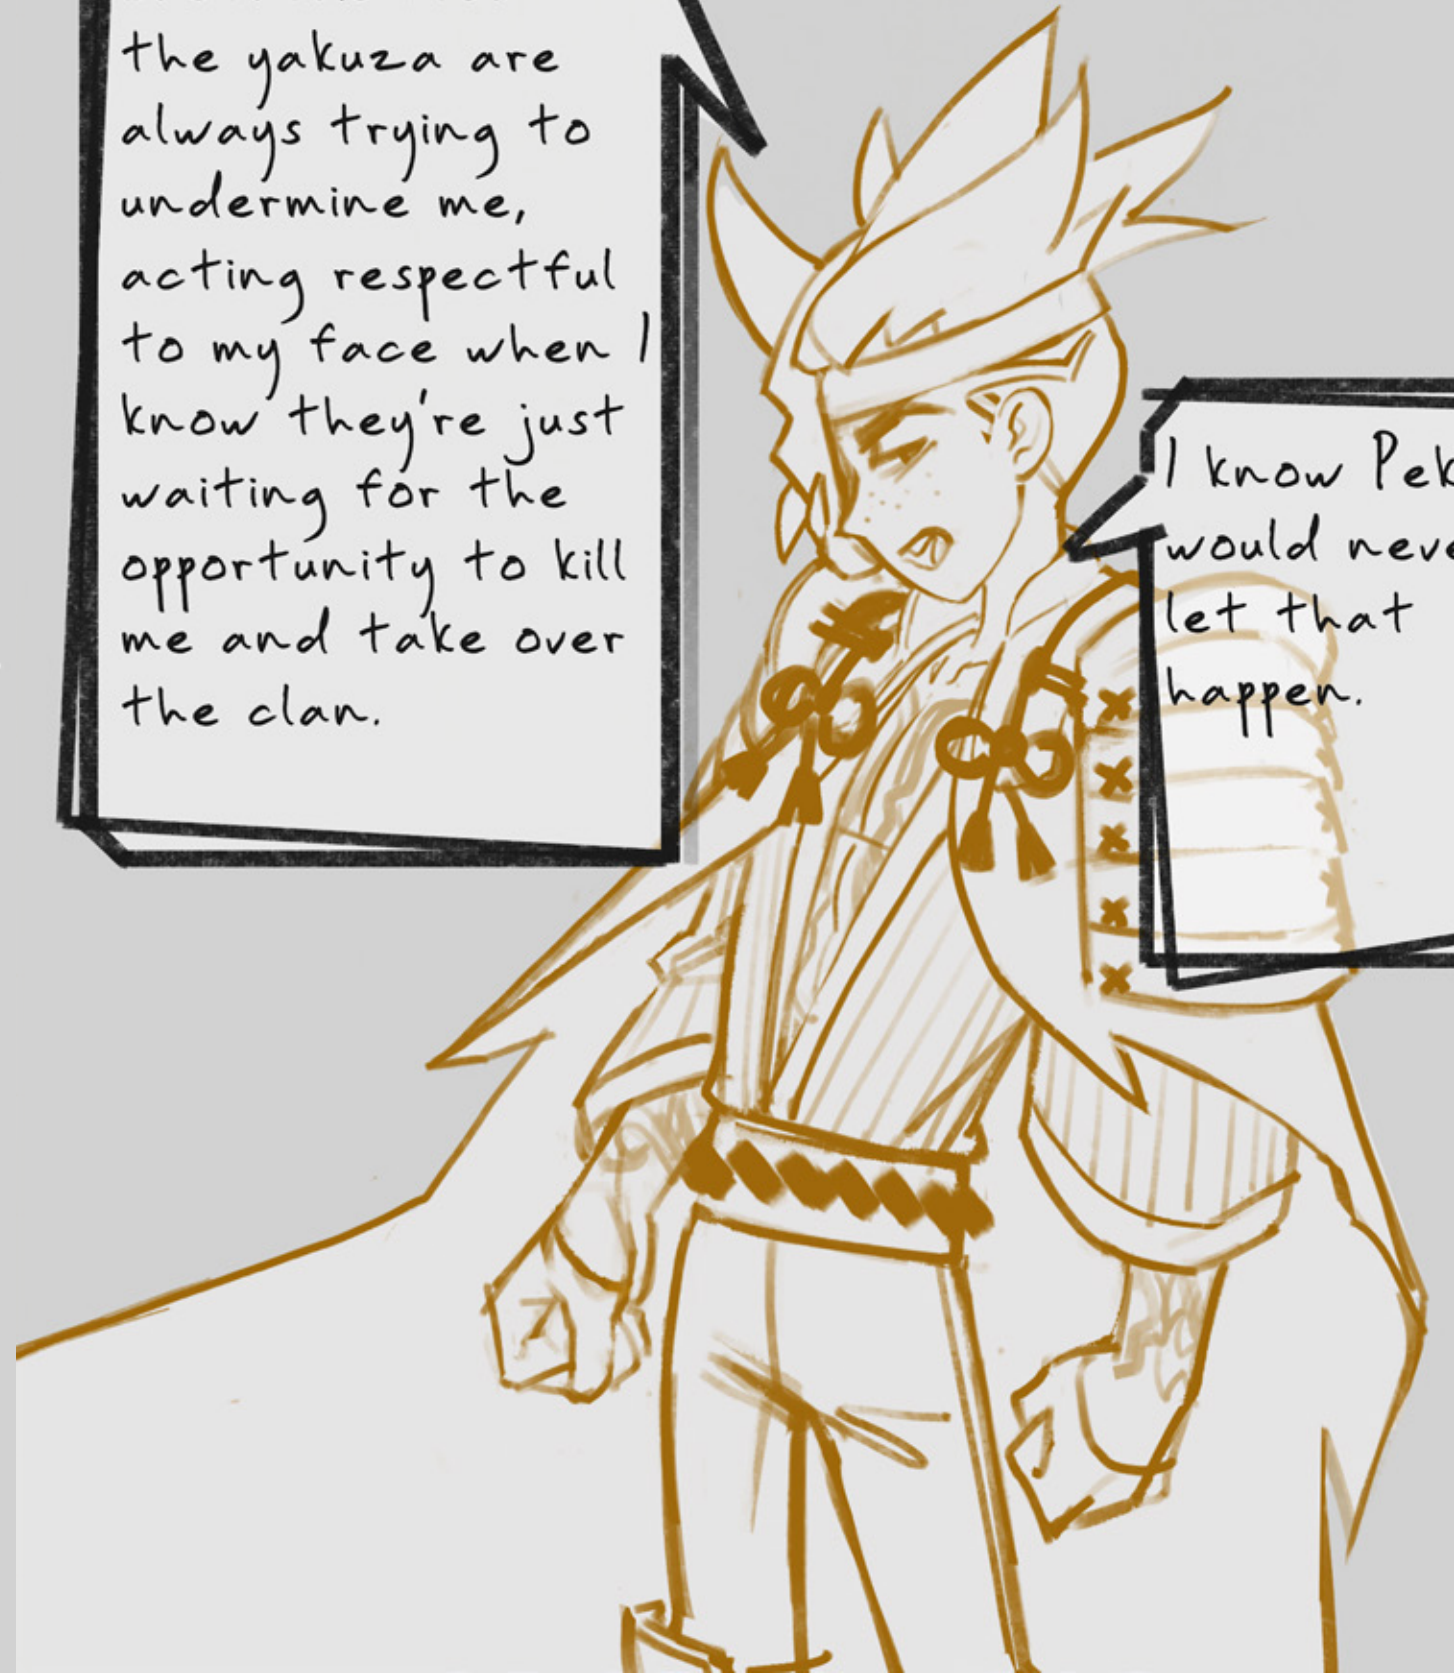

What's your relationship with Peko?

...I trust her. She's one of the few people in this sh*tty world who would stand by my side, no matter what.

All those other bastards from the yakuza are always trying to undermine me, acting respectful to my face when I know they're just waiting for the opportunity to kill me and take over the clan.

I know Peko would never let that happen.

Do you miss your sister?

Of course I do. She was a self-centered, arrogant, manipulative b*tch - but she was my little sister.

If anybody deserved the ultimate Yakuza title more than I did, it was Natsumi.

What would your ideal appearance be like?

If you could change your talent, what would it be?

Being the ultimate yakuza isn't really a talent as much as it's a title I inherited. It doesn't require skill or leadership or respect to be an heir. That's something I need to earn. If I could pick a talent of my own, though...

I think I'd want to be the ultimate animal trainer.

YOU BASTARDS ARE F*CKING HYSTERICAL!!

CALL ME SHORT ONE MORE TIME, LET'S SEE WHAT HAPPENS.
